## G'day mate

We have moved to a new home, the Feldmeiers who are serving in Malawi, they have given us the opportunity to rent their five acre property. It has three buildings and a spring fed dam, which Ramon calls "Lake Marrero". The house is our living quarters, the large shed is used for the local four bedroom "Men's Shed" Group, and because of the issue of distance the "Timothy House" is where we train leaders in Generational Ministry.

Malawi, they three buildings four bedroom "Men's Shed" is where we

Some years ago we were blessed with a house here in Queensland where Martin Fakaia and I trained two Solomon Islanders in Intentional Generational Ministry for 3 months. Upon their return to the Solomons they began to teach the principles which they had learned. Michael Palmer is a fruit of their efforts. Last Christmas while on a short term mission trip to Honiara, Martin was asked to speak to 14 of Michael's disciples and was introduced as their "Spiritual Grandfather". Later he was told that there were over 300 keen disciples and because of the large number they had to use the Church Cathedral to meet. This news provides an exciting opportunity for Martin to return home.

The call to "GO!" sometimes means going home Mk 5:19. Martin has in the past divided his time between Aboriginal and Island ministry but now he has begun "Phase one" of becoming an Australian Navigators' full time missionary to the Solomon Islands on a permanent basis. He plans to be in the Islands by April 2009.

We would appreciate it if you would join us in following prayer points:

1. That we would be able to raise the funds needed for Martin to live and establish a "Timothy House" ministry in the Solomons so that he can help follow up on these young disciples.
2. Pray 2 Tim 2:2 NASB for us "*And the things which you have heard from me in the presence of many witnesses, these entrust to faithful men, who will be able to teach others also.*"
3. We have been blessed with someone every week since we established this effort. Pray that God would continue to send labourers so we could facilitate their spiritual reproductive skills and calling.

Yours in Christ
